BANGOR DAILY WH'G AND COURIER.

BY SMITH & SAYWARD. MONDAY, JUNE 1, 1846. VOLUME XII.....NUMBER 285.

To the Honorable Samuel Cony, Judge of the Probate of Wills and granting Administration within and for the county of Penobscot and State of Maine.

RESPECTFULLY shews John Peters of the city of Brooklyn, in the county of Kings and State of New York, that he has been duly approved and appointed Executor of the last will and testament of John Peters of said Brooklyn, late deceased by the Surrogate of the county of Kings aforesaid a certified copy of which approval and appointment he hereby submits for examination. He therefore prays that the same may be filed and allowed and ordered to be transcribed upon the Records in the Registry of Probate for said County of Penobscot.

Dated at Bangor this twenty-eighth day of April A D 1846

JOHN PETERS

By Geo W Ingersoll, his Atty

At a Court of Probate held at Bangor within and for the County of Penobscot on the last Tuesday of April in the year of our Lord eighteen hundred and forty six.

THE aforesaid John Peters Executor above named having presented the above petition, Ordered That the said Executor give notice to all persons interested by causing a copy of the petition and this order of Court to be published three weeks successively in the Daily Whig & Courier, a paper printed at Bangor in said county the first publication to be thirty days previous to the last Tuesday of June next, that they may appear at a Court of Probate to be holden at the Probate office in Bangor aforesaid on the first Friday of June next at ten of the clock in the forenoon, and shew cause if any they have why the prayer of said petitioner should not be granted

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U.S Patent Office, Washington

No. 22 State-Street, Boston.

THE subscriber by appointment from the Commissioner of Patents is Agent of the U S Patent Office for the purpose of receiving and forwarding to the same all such models specimens of ingredients and manufactures as shall be intended to be patented, or deposited therein which will be received and forwarded free of expense and risk to their owner and with all possible despatch. He subscriber will prepare Caveats Specifications Assignments, and all the necessary Papers and Drawings, will make researches into American and Foreign works for establishing the validity or utility of inventions and render advice on all legal and scientific matters respecting the same. Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. The experience of fourteen years practice—an extensive collection of rare works documents decisions &c on mechanical subjects and the Patent Laws—and patents of different countries collected at much expense during the long time this office has been established and to which daily additions are being made together with accounts here kept of inventions patented at Washington enable me to afford imports assistance and information to inventors desirous of securing Pate ts which in other respects might be difficult to attain

To the Honorable Senate and House of Representatives of the State of Maine in Legislature assembled.

RESPECTFULLY represent the undersigned citizens engaged in lumbering and the owners of timber on the upper waters of the Penobscot River and the St John's, that to render that species of property most available to themselves and the public generally, who are or may become interested in timber near those waters it is essential that a cut or sluiceway should be made from Telos Lake to Penobscot Pond otherwise called Webster Pond, for the transit of lumber and for the attainment of this end it is further necessary that a Dam should be built to cause the water to flow into said sluiceway, on Township No 7 Range 13

They therefore pray your Honors to incorporate the undersigned into a Company for this purpose, and to invest them with authority to cause a suff cient cut or sluiceway to be made for the transit of lumber from said Lake Telos to Webster Pond and to erect and maintain a Dam on Township No 7 in the 13th Range west from the east line of the State, to cause the water to flow into said sluice way. And to indemnify them for the expense to be incurred in the enterprise, they pray that they may be allowed a toll not exceeding fifteen cents for every thousand feet of lumber which may be transported through said cut, with the exception that the lumber cut on township No 6 in the 11th Range through which said sluiceway is to pass, may be transported therein free of toll. And with the further condition that when by the Toll aforesaid the said Company shall have been reimbursed the expense by them incurred with six per cent interest on the investment, the right to said sluiceway for the passage of lumber or other purposes shall become free to the public generally and that thereupon the right to take toll shall cease. And as in duty bound will ever pray

LORRAINE'S PILLS.

THESE Pills are now acknowledged by thousands that use them daily to be the only medicine that fairly takes the BANNER from all others. They cause no pain or uneasiness of any kind in their operation and require neither change of diet nor care of any kind. This medicine has actually done wonders. It has established a reputation unrivalled on its own merits without being puffed up continually in the papers

The attention of the reader is respectfully called to the following highly respectable notices of this invaluable and incomparable medicine—and it will be seen its achievements are most extraordinary, as daily experience speaks more and more remarkable cures where other medicines had entirely failed of giving even relief

COUGHS COLDS AND CONSUMPTION

A gentleman of Boston, was so much afflicted with hoarseness that he could not speak loud took Lorraine's Pills. They had an excellent effect and rendered his voice soft, clear, and distinct in one night's time

PILES! PILES PILES The only sure remedy for the Piles is

DR LORRAINE'S PILLS

Never in one single instance has failed to cure that worst of all diseases. Certificates from the most respectable people of Boston can be seen at his office

VERY REMARKABLE CASES

John Bruce of Providence, had entirely lost the sight of one eye, and nearly so the other from inflammation, was entirely cured and his eye sight perfectly restored by a steady use of Lorraine's Pills for one month. The certificate is in the hands of the General Agent, signed by three respectable witnesses

Mr J Greenwood has been entirely cured of a very large sore on his leg by the use of only two boxes of Lorraine's Pills

SHE WAS POINTED AT!!

She was pointed at, in Washington street, Boston saying that is she. That's the lady that was so weak and sick and given over to *die* and was *cured* even to admiration, by Lorraine's Pills insomuch that when she goes to church or to walk in the street she is actually pointed at

☞THAT IS SHE!☜

DANCED IN FANEUIL HALL

A lady in November 1844 commenced the use of Lorraine's Pills with all the frightful symptoms of death upon her, visible in the ghostly countenance accompanied with Despondency Sighing Fainting Convulsions, &c yet by the powerful virtues of only one of Lorraine's Pills daily in the space of six weeks she acquired such a stomach, such a constitution that she Danced in the Faneuil Hall in Boston

CAN YOU EAT OYSTERS?

One doctor asks his patients can you eat oysters &c, another can you drink milk, &c. Now we tell you if you take but one of Lorraine's Pills daily you can eat any thing and acquire a constitution fit for all occasions and comforts and pleasures!

Mrs ——, of Salem, was afflicted with a cancerous humor that settled in her breast took Lorraine's Pills and was entirely cured

Mrs —— of Boston, was dreadfully afflicted with sore Nipples on account of a humor of the blood, took one of Lorraine's Pills every night with a view to cleanse her blood which entirely cured her

Dyspepsia—Mrs Susan Bond Pearl street N York was effectually cured of Dyspepsia by taking only one of Lorraine's Pills on going to bed for eight days

Nervous or Sick Headache—Lady Smith 109 Friend st N Y was entirely cured of a severe nervous or sick headache, by taking three of Lorraine's Pills

Palpitation of the Heart—Miss E West Greenwich Place, N York, was entirely cured of a violent Palpitation of the Heart by a steady use of one of Lorraine's Pills every night for one week

Worms—Mr Loring Gray of N York cured three of his children of Worms, by giving them one pill each for three days

FOR SALE.

VALUABLE MILLS and Water Power near the city of Bangor and of navigable water

Owing to ill health will be sold a portion say an undivided moiety of the whole of the valuable mill property, situate at Brewer Village on both sides of the Large Cove on Brewer Stream, well known as the best stream of its size running into the Penobscot river fed by a chain of ponds and living springs, one of said ponds which is commanded by these mills, is from three to four miles long and will contain over 2000 acres of water. The stream was never known to fail of a fair head of water, and can be much improved by dams &c. The mills now erected are in good order consisting of a double saw mill rents for $1500 per annum, and a Grist Mill rents for $500 per annum. These mills run the year round they are two miles south of Bangor at the head of the Cove, perfectly free from any risk of freshet by stream or river as was proved the present season. There is sufficient water power with breast wheels on this dam for 6 saws with their hauling's and circulars for cutting slabs and which will saw from five to six millions feet per annum. Vessels load at the mill wharf and the lumber may be assorted at the saw

There is also a fall of water in said Cove below the present mills which has been measured by an experienced Mill Wright who is responsible and ready to contract to erect a dam and bridge at this place of 12 ft with tide gates which shall use the water of the stream over again run mills on Valentine or other suitable wheels 18 hours in the 24. A double saw mill and the grist mill may be placed here at small expense and this improvement will add much otherwise to the profit of the whole estate. There is a good house store and mill house and many fine river lots for wharfing. In short no property of the kind in or about the growing city of Bangor is more available or will pay more income upon an outlay of a few thousand dollars than this—it is virtually within the city, and must increase in value with the growth of the same. It has many other privileges being one of the best locations in N England for ship building and ere long will become a manufacturing village

For terms and other information application may be made to SAMUEL THATCHER Jr my Attorney on the premises or GEO A THATCHER, of this city SAMUEL THATCHER

Whig and Courier.

John S. Sayward,—Editor.

MONDAY, JUNE 1, 1846.

AUGUSTA, May 29, 1846.

To the Editor of the Whig and Courier.

As this is the day assigned by the congregated wisdom of this State for the election of a U. S. Senator, your readers will wish to know, though I can hardly suppose will be *pleased* to know, who the prominent candidates are, of the party in power. At the caucus of the Loco members of the House of Representatives it is said that Hannibal Hamlin received the nomination at the second balloting, by a vote of 44 out of 89. The first balloting gave 36 for Hamlin, 23 for Anderson, 11 for McCrate, 8 for Lowell, and 4 for Carey. At the Senatorial caucus, Anderson received the nomination at the 9th balloting by a vote of 14 out of 27. At the first balloting, Hamlin received 10, Anderson 7, McCrate 7, Carey 3. It is said that if all the votes which Carey received in the nine ballotings had been given at any one balloting, he would have had just a majority, as Anderson did at the ninth trial. There was one friend who adhered to Carey with unwavering fidelity. Solitary and alone he repeated that vote until the long agony was over, and the Governor, of this State was declared to be the Senate's candidate for U. S. Senator, after it was known that the popular branch had voted him down by 59 votes to 23, which was his highest vote in the other caucus.

In this emergency of Locofocoism it is impossible to predict the result. Whether the House or the Senate will yield, or whether the election will be postponed, it is impossible to say. If I remain in town I will send you the result by to-morrow's mail. Yours, &c., D.

☞ The Washington correspondent of the New York Tribune writes that "Mr. Vinton's committee, on the Webster and Ingersoll affair, have summoned Ex-President Tyler to give testimony before them. I have no doubt, that his testimony will fully exhonorate Mr. Webster.—Mr. Schenck's committee will most likely report soon. The whole affair will end in this, that the charges against Mr Webster are malicious slanders, and that Mr Ingersol acted dishonorably in obtaining papers by which he hoped to crush the distinguished Senator."

Charlestown Navy Yard.

The Post says that there are now employed at the Charlestown Navy Yard about 700 mechanics and laborers, between three and four hundred of whom are at work on the Independence. The rope walk is turning out about fifteen tons of cordage daily for the navy. There are already collected at the yard two complete frames for sea steamers and one frame for a steamer for harbor defence.

Bangor Courier.

Our large weekly paper will be published this afternoon and will contain the highly interesting report of Dr Howe on the case of Laura Bridgman the Deaf, Dumb and Blind Girl; The latest news from the War—Official Despatches of Gen Taylor and Commodore Conner; Letter of Professor Bush; Proceedings of Congress and the State Legislature; News, Editorials &c.—Single copies for sale at the office at four cents.

☞ The Emancipator, the organ of the 'Liberty' party in Massachusetts, with a baseness that has no paral el now undertakes to make the Whigs responsible for the course of President Polk in the Mexican War by stating that they, to sustain the Tariff have caused him to push into the war. No greater falsehood could be uttered.

☞ Gen Taylor has been appointed and confirmed Brevet Major General of the army. A just acknowledgment of his eminent services on the Rio Grand. He is a Henry Clay Whig, and so was the gallant and lamented Ringgold; and both opposed to the Texas iniquity but both too good soldiers not to obey orders and to maintain the honor of their country.

☞ The Gospel Banner states that the Universalist Convention adjourned to meet in this city on the 24th and 25th inst., but as the great Masonic Convention will meet at Augusta on the 24th, it is desirable the Convention here should be postponed for one week. This subject should engage the attention of friends here and we see no reason why the postponement should not be agreed upon.

☞ The Masonic address before the fraternity at the public celebration at Augusta on the 24th inst., will be delivered by Joseph R. Chandler of Philadelphia, who is a distinguished Mason and a man of great literary attainments. A large number of the brethren from all parts of the State will be in attendance.

Specie Depreciated!

A day or two since a silver dollar was offered to a countryman in change. He took it up, examined it carefully, as if to satisfy himself it was genuine, and then threw it down, saying

'Rot the plaguey thing—I wont touch it—it's a *Mexican* dollar!'

'Certainly, and as good as any other.'

'Not as you you know of—there is war with Mexico now, and their money aint worth a snap of your finger! So I'll take the valle of the change in powder.'

☞ Members of the Y. M. L. C. are requested to be in attendance at their hall to-morrow evening, at 7½ o'clock. Besides the monthly reading of original compositions, there are various little matters to be transacted; and it is desirable that every member should be present.

☞ An intelligent gentleman who has been engaged in the production of sugar in Cuba for the last thirty years, after a careful examination, estimates the value of property in that Island owned by Americans, at $35,000,000.

A letter from Point Isabel, 13th, to the New Orleans, Picayune says, of the captured muskets in the battles of the 8th and 9th:—'The muskets of the Mexicans, I noticed, were all marked "Geo. [illegible], or Fourth Tower."

The house and barn of the Rev. Isaac Willey, Goffstown, N. H., were burned down on Sunday last, (25,) destroying among other things, his horse and carriage. There is some reason to suspect that it was the work of an incendiary.

☞ Ripe Strawberries were gathered at Springfield on the 22d inst.

From Washington.

The Washington correspondent of the N. Y. Commercial Advertiser, under date of the 27th P. M., gives the following items of interest:

"I learn that the President has revoked the order of General Scott to take command of the army in the South, on the ground that it would be doing injustice to General Taylor to take the command from him after having opened the campaign so brilliantly. I have no doubt that General Scott himself acquiesces very readily in the propriety of this.

The rumor of the appointment of Bishop Hughes, as private and confidential agent to Mexico, I have reason to believe correct. The President has also caused strict orders to be given to respect the religion and property of the Catholic Church in Mexico, and any attempts to pillage the Churches will be dealt with the utmost severity.

Gen. Persifer L. Smith, of New Orleans, has been appointed Colonel of the new rifle regiment, and not Mr Armstrong. A son of Senator Crittenden has been appointed captain, and Mr Julian May, of this city, a brother of the gallant Capt. May, has received an appointment as 2d Lieutenant."

From the New Orleans Delta.

The News from the Army.

The news received by the James L. Day, yesterday, is interesting.

This arrival establishes the important fact, that the reports brought by the Galveston that immense reinforcements had been, received by the Mexicans was unfounded, or at least exaggerated. Gen. Taylor arrived at his camp the evening of the 14th inst., without molestation.

By the way, we find that the camp opposite Matamoras has been christened 'Fort Brown,' in honor of the gallant Major Brown, of the 7th infantry; who fell in its defence. The fortification at Point Isabel is now styled "Fort Polk," in compliment to the President of the United States. We trust we may now safely say that communications, between Fort Polk and Fort Brown have been permanently established.

All eyes are now turned towards Matamoras. All our letters indicate that the next step to be taken by General Taylor is to reduce the city, and that he was making active preparations to cross the Rio Grande. We learn from an intelligent Correspondent that the Mexicans anticipated that an attack would be made upon the town on the 10th—immediately upon the victory achieved on the 9th. In consequence all their posts were strengthened, and every individual who entered the city was detained and pressed into the service.

During the action of the 8th the house tops in Matamoras were covered with the people and the back of the river was lined with spectators; but writes a brave though facetious correspondent, "a huzza from the Fort, brought forth by a despatch messenger who rode in to announce our victory, made them all 'slope.'

From an officer who was not in the fort from the 1st till the 20th inst, we learn that while it was invested during General Taylor's absence with the greater part of the army, General Arista sent in to it a summons to surrender upon the score of humanity!

This was after the action of the 8th, and before the issue of it was known by those in the fort. The greatest anxiety was of course felt by them as to the result, because their fate was to depend mainly upon the success of the army.

Ignorant of what had happened, and assured that a large army awaited Gen. Taylor, and that it would be impossible for him to reach the fort—thus swayed by anxiety, hope, confidence and fear—no! not fear,—that brave band refused to surrender.

What their fate would have been had Gen Taylor been defeated, and the whole Mexican horde beleaguered the fort, the history of all Mexican wars are too fearfully presages. While on this theme, we feel constrained to say that the Mexicans dealt barbarously upon those Americans who fell in action.

No officers were taken prisoners, and those killed were hideously mutilated. All the letters we have read state the fact that the persons of the dying and the dead were not respected.

A Prize.

The Salem Register publishes a letter from an officer of the blockading squadron off the Rio Grand, which says:—'The Flirt has taken a prize worth forty thousand dollars, now at anchor not far from us.'

A voice from the First battle ground of the American Revolution.

At the annual inspection, May 27, the Lexington Artillery Company voted unanimously to authorize their officers to tender the services of the company the Governor, as volunteers for the U. S. Army, to go to Mexico, or wherever their services may be required.—Atlas.

The Border Mexicans.

The New Orleans Jeffersonian gives the following scrap:

The border Mexicans know how to strike and retreat. They are accustomed to partisan war. They are active and artful. They know the country, its fords, its defiles and its ambuscades. Their spies are in every thicket. They will fight without pay—without expense to the Government with the hope of plunder. Abstemious as Indians, they require no military stores, no hospital, no baggage wagons. They will gladly attack a small detachment, to strip the dead and wounded. An old pair of breeches is to them quite a prize. They are the Ishmaelites of the new world. A guerilla war with such a people may be protracted for years, with dishonor to our arms, and at an enormous expense to the United States.

Liverpool Timber Trade.

[Extract of a letter received in St. John, N.B., dated Liverpool, May, 5th]

"The wood markets in the large ports of this kingdom just now are in a very languid state.—The delay of the government measures, coupled with the railway speculations, and the strike among the workmen, now so general in the kingdom, has brought our business nearly to a stand;—here, we had the cargo of the 'Lesmahagow,' from St John, offered by auction on Wednesday last, on the Quay, in lots of 50 logs to be chosen by the purchaser. The sample was good and represented to be 18½ inches calliper measure,—16½d per ft. only was offered, and, after several fruitless attempts, was withdrawn. These rates, from the invoice, would leave 20s. to 22s 6d. per standard, freight. Lathwood was withdrawn at 60s. per fathom of 6 feet, or 216 cubic feet. There were 1300 pieces Deals in the cargo, with a good deal of measure in them, according to the custom here, in favor of the buyer—sold at 2½d per foot of 2 inches, or £9 5s. per standard hundred. In the Clyde, auctions have taken place some days ago, when the results were very unsatisfactory, taking into account the high prices paid by you for Timber and Deals. That market, like this one, has been completely overstocked. The same may be said of London, where the prices have fallen recently very considerable, both in Timber and Deals. The stock of fine Yellow Pine is too great in that market just now for good sales. Dublin is also overstocked and dull. White Pine Timber cannot be sold to any great extent, and Deals are at a small paying invoice. All this, while you are likely to have rather a large spring fleet, caused probably by over-selling rather cheap by some parties, coupled by the largest emigration going out that has gone for some years, perhaps never before in one year to all parts of North America. In a general point of view, the trade for the season—particularly the fall of the year—looks gloomy, and such as does not warrant your giving high prices, or acquiring large stocks of Timber and Deals this year. The small ports have been taking Timber and Deals at middling priced for spring and summer delivery, but they seem now to be pretty well supplied on contracts for goods to arrive."

The Weather.

The St. John (N. B.) Courier of May 23d, says:—

The weather during several days of the present week has been very chilly, with frost during the nights. At an early hour on Thursday morning the hills in the vicinity of the city were partially covered with snow, and we understand that in parts of the adjoining county of King's snow continued falling for several hours on that morning, and covered the ground to the depth of four inches, but soon disappeared. The air has since been mild and clear.

We, too, have had rather disagreeable weather for the last fortnight, though not cold, it having been rainy, or inclined to rain, every day; but the aspect now begins to brighten.

Departed Friends.

It is a beautiful thought that when our friends die, they are not wholly absent from us in this world, but that they sometimes linger about their old accustomed haunts, and the companions they still love here. The consoling idea is finely dwelt upon in the following stanzas, quoted from the Portsmouth Journal:

Forget not the dead, who have loved, who have left us;
Who bend o'er us now from their bright homes above,
But believe, never doubt, that the God who bereft us,
Permits them to mingle with friends they still love.
Repeat their fond words, and their noble deeds cherish,
Speak pleasantly of them who left us in tears—
From our lips their dear names or their joys should not perish,
While time bears our feet through the valley of years.

Dear friends of our youth! can we cease to remember
The last look of life, and the low whispered prayer?
Oh, cold be our hearts, as the ice of December,
When love's table is record, no remembrances there.
Then forget not the dead, who are evermore nigh us;
Still floating sometimes to our dream-haunted bed—
In the loneliest hour, in the crowd they are by us,
Forget not the dead! Oh, forget not the Dead!

Terrible Tragedy—Murder of a Whole Family.

A man named Wm. Hudson, living in Pendleton county, Va. on the 11th instant, deliberately murdered his wife and three children, besides Jane and Robert Chilt, and horribly mutilated another child. He then set fire to the house and escaped. The only cause assigned for the bloody deed is a misunderstanding with his wife. He was a member of the M. E. Church, and was highly respected.

Young Safford, the remarkable mathematician and precocious scholar, from Royalton, Vt (of whom we recently published an account) arrived in this town on Tuesday evening, with his father in company with E. F. Belknap. He is now a little over ten years of age. Last evening he went to Cambridge with S. M. Felton, and had a mathematical discussion with Prof. Pierce of Harvard College. He has completed his calculations for his Almanac for 1847, and we understand it will shortly be published in the City. Bunker Hill Aurora.

We are informed that Commodore Perry and Commodore Kearney now in this city, have purchased two steamers, of 500 tons each, and four schooners of 90 tons, built by Bell & Brown of this city for the Mexicans, who were unable or unwilling to pay for them.—New York Express.

A Child's Faith.

A beloved minister of the Gospel was one day speaking of that active living faith, which should at all times cheer the heart of the sincere follower of Jesus, and related to me a beautiful illustration that had just occurred in his own family. He had gone in a cellar which in winter was quite dark, and entered by a trap door. A little daughter only three years old was trying to find him, and came to the trap door, but on looking down all was dark—and she called,—'Are you down cellar, papa?' 'Yes, would you like to come, Mary?' 'It is dark, I can't come, papa.' 'Well, my daughter I am right below you, and I can see you, though you cannot see me, and if you will drop yourself I will catch you.' 'Oh! I should fall, I can't see you, papa.' 'I know it,' he answered, 'but I am really here, and you shall not fall, or hurt yourself. If you will jump I will catch you safely.' Little Mary strained her eyes to the utmost, but she could catch no glimpse of her father. She hesitated, then advanced a little further, then summoning all her resolution, she threw herself forward, and was received safely in her father's arms. A few days after, she again discovered the cellar door open, and supposing her father to be there, she called 'Shall I come again, papa?' 'Yes, my dear, in a minute,' he replied, and had just time to reach his arms toward her, when, in her childish glee, she fell shouting into his arms, and clasping his neck, said, 'I knew, dear papa, I should not fall.'

Romantic Adventure.

A few days ago the ship Young England arrived in the St. Katherine's Dock, from the Cape of Good Hope, under the command of Mr Adams, who was wrecked a few years ago on the coast of New Zealand. He was made a prisoner by the natives, who treated him with barbarous cruelty, and would have put him to death but for the intercession of a daughter of one of the chiefs. He was tattooed all over, and compelled to adopt the same mode of life as the natives, and accompany them in their fishing and hunting expeditions. His chief food was fish and flesh of the wild animals which he killed. He underwent a variety of adventures, and repeatedly attempted to make his escape, but was so closely watched by the natives that he was unable to do so until he had been among them three years, when he succeeded in eluding their vigilance, and made his escape in a canoe. After a good deal of suffering, he was picked up by a ship bound to the Cape, where he was appointed commander of the Young England.—His wife, who had given him up for lost and had worn widow's weeds, was quite overjoyed on his being restored to her, and the meeting, after so long an absence, was most affecting.—Daily News.

'Why have you volunteered?' said rather a care-worn looking newly enrolled volunteer, yesterday to a fine young looking country soldier.

'Why, I volunteered because I had no wife, and go in for war,' was the unequivocal reply; 'and now why have you volunteered?' he added.

'Ah!' said the care-worn countenanced little man—for he was little—with a significant sigh, 'I have volunteered *because I have a wife, and I go in for peace.*

Speak no Ill.

BY CHARLES SWAIN.

Nay, speak no ill! a kindly word
Can never leave a sting behind,
And, oh! to breath each tale we've heard
Is far beneath a noble mind.
Full oft a better seed is sown
By choosing thus the kinder plan;
For if but little good be known,
Still let us speak the best we can.

Give me the heart that fain would hide—
Would fain another's fault efface;
How can it pleasure human pride
To prove humanity but base?
No: let us reach a higher mood,
A nobler estimate of man;
Be earnest in the search for good,
And speak of all the best we can.

Then speak no ill—but lenient be
To other's failings as your own;
If you're the first a fault to see,
Be not the first to make it known.
For life is but a passing day,
No lip may tell how brief its span;
Then, oh! the little time we stay,
Let's speak of all the best we can.

BY THE LAST MAIL.

To the Editor of the Whig and Courier.

AUGUSTA, May 30, 1846.

The balloting for U. S. Senator took place yesterday. The result was as follows: In the House, Mr. Hamlin had 82 votes, Mr Evans 56, Samuel Fessenden 4, W. P. Fessenden 1, F. H. Morse 1, Hugh J Anderson 1.

In the Senate, Anderson had 27, Evans 3, Severance 1.

The House then voted to postpone the further consideration of the subject to next Wednesday, but the Senate adjourned without further action. It is probable, however, that a time will to-day be assigned for another trial.

I was in error as to the number of balotings in the Senatorial caucus. There were thirteen instead of nine. It is said with much confidence, and I believe it, that had the House caucus nominated Anderson instead of Hamlin, the Senatorial caucus would have nominated Hamlin instead of Anderson. The efforts of the enemies of the several candidates, who are here from all parts of the State, have been zealous and persevering. As to the exertions of their respective friends, you may any where and at any time see a lobby member and a Senator or Representative gravely beginning a conversation as to the comparative qualifications of the candidates, and soon ending it with a broad laugh in which they are heartily joined by all by-standers.

LATE FROM EUROPE.

ARRIVAL OF THE

GREAT BRITAIN.

The Great Britain arrived at New York on Friday.

The news by the Steamer is not of very stirring interest. The vote of the Senate, giving the notice is published in the London papers of the 5th.

Willmer & Smith quote Cotton ⅛th higher than it was at the time of the sailing of the Britannia.

Extract from a letter from an officer in barracks near Dublin:—"Government offered 10d a day to as many men, who pretended they were starving at Clonmel, as would work for it; and a farmer near Nass told me he had offered 1s 6d a day to some men, and after working one day they struck for more."

Upon the whole, the tenor of the advices, though not of great interest, shows a steady return of confidence and a fair increase of business generally.

☞ The force at Point Isabel on the 15th was about 1200, and volunteers were constantly arriving.

The number of killed and wounded on both sides, in the battles of May 7 and 9, has been overstated, as will be seen by the following.

The official intelligence from the army is to the 12th inst The 1200 Mexicans reported killed are not more than 500 in number. Our own killed was 43 in the two battles, and 100 wounded, some of them the flower of the army.

Naval.

We took occasion within the past two or three days, to notice the importance of putting some armed vessels in the Gulf of Mexico for the protection of our commerce there and we learn from a private letter, that some armed schooners, brigs and small steamers are now fitting for that station. Lieut. T. D. Shaw of this city, is named as having been ordered to the command of the 'Petrel' to cruise in the Gulf of Mexico.—Phila. U. S. Gazette.

☞ We have nothing this morning later from the army, and the prospect now is that the war will be an exceedingly short one, and business will soon resume its accustomed order. English capitalists, who hold a sort of bond of all the mines of Mexico, and who are interested in all its productions of wealth, will labor to effect a speedy peace.

☞ Ex President Tyler has given his testimony before one of the Investigating Committees. He will prove a very poor witness for Mr C. J. Ingersoll.

☞ Marcus Morton has at length been confirmed as Collector of the Port of Boston.

☞ Mr. Wethrell's school, it will be remembered, is to commence this day. Those wishing to become members, will find it an advantage to make early application.

Affairs at Washington.

Washington, May 27.

The conclusion of Mr Benton's Oregon speech, at his own request, was postponed until to-morrow in order to re-open action upon the supplementary war bill, for increasing the number of officers in the army.

The amendments of Mr Mangum to strike out the first section of the bill, and of Mr Atchison to make the new officers temporary were withdrawn.

Mr Dix and Mr Benton both projected the bill in its details, which were mainly designed to give more efficiency to the Army.

Mr Westcott of Florida, offered an amendment giving the President power to select the general officers to command the volunteers from the state militia. The amendment was promptly rejected. The Bill was then ordered to be engrossed. The officers added are two Major Generals, four Brigadier Generals, and as amended the bill was passed.

The French Spoliation Bill was called up, but the Senate were not quite ready for the vote, though a large majority of members are known to be in favor of the bill.

The Chairman of the Naval Committee moved that the bill to increase the navy be made the special order of the day on Monday next, which was agreed to by the Senate.

At one o'clock an Executive session was held and the doors of the Senate were closed.

The House was occupied two hours in the discussion of the Civil and Diplomatic Bill.

The debate upon the Tariff was resumed by Mr Collamer of Vt. in reply in part to Mr Paine of Ala.

Mr Stewart of Pa. also spoke at length in an able defence of the Tariff.

A proposition to increase the item for Marine Hospitals from 50,000 to $85,000, was rejected.

A large number of amendments were offered and carried, and a great many of them were rejected. Others were carried, and a long series of amendments were offered in reference to the mileage and per diem of members.

Washington, May 28.

In the Senate, a vote of thanks to Gen. Taylor was passed. The Oregon bill was taken up, and Mr Benton closed his three days argument, and he may well count it as the "glorious three days" of his public life.

In the House, Mr Stewart of Pa. proposed to give 10 dollars per month and 160 acres of land to volunteers; and the bill passed.

☞ Moses Y. Beach, editor of the New York Sun, is worth $300,000. We are glad to see that there is some rich printers. If we all had our "just dues," some of us would be a good deal better off than we are.

MARRIED.

In Eddington, April 26, by L. Woodbury, Esq. Mr Zebulon R. Davis to Miss Francis A. Spencer.

From the Bay State Democrat, Boston, Nov. 4, 1844.

Remedies.

There are so many medicines of doubtful character advertised and puffed by the newspapers at the present time, that we should have shrunk from the task we have now undertaken, were we not most thoroughly convinced, from our own personal knowledge; of the facts which we state below.

It is of "Wistar's Balsam of Wild Cherry," that we would speak, and we speak advisedly. A lady of our acquaintance, whom we see every day, was a short time since, in what we thought a precarious, if not a dangerous state of health. A cough had settled on her lungs; her form seemed wasting away; she was obliged to abandon her work, and we thought, not soon to resume it again. For about two months she has been taking Wistar's Balsam of Wild Cherry, and already has she so far regained her health as, to be able to resume her labors.

This is but a single case, but it is one, at least, in which we cannot doubt the efficacy of the medicine.

For sale in Bangor by the Agent, G. W. LADD. june 2.

Lucy & Nancy, Wascott, do.
Brave, Hammond, Belfast.
31st. Marcellus, Colcord, Dorchester.

Dr. S. O. Richardson's CONCENTRATED Sherry Wine Bitters.

THE Proprietor of this Medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system.

It cannot be denied by those who have become acquainted with the singular virtues of these Bitters, that they possess a pre-eminence over all others now in use, for the diseases which they profess to cure.

It is a well known fact, that most diseases arise from a derangement of the Stomach and Bowels, in youthful adult and declining life.

The extensive sympathies which subsist between these and every other part of the living body are the foundation of nervous diseases of all kinds, Irregular Appetite, Languor, Drowsiness, Wandering Pains, Headache, Lowness of Spirits, &c.

And these, in their turn, give birth to Dyspepsia, Palpitation of the Heart, Shortness of Breath, Jaundice, Piles, Fevers, Inflammatory Humors, Coughs, and a host of diseases which embitter life and poison all sources of enjoyment.

The distinguished character of these Bitters is most striking; their operation being more or less powerful according to the violence of the disease. When used in appropriate quantity, in cases of slight derangement of the Stomach and Bowels caused by costiveness or a slight bilious difficulty and the like, whose nature needs assistance to prevent more serious consequences, they will be scarcely felt.

On the contrary, in obstinate cases, they frequently operate more powerfully, causing two or three evacuations daily, until the circulating fluid becomes purified. This accomplished they act on the system in connection with our food, each receiving mutual assistance until the constitution is restored to a state of health and renewed vigor.

For sale wholesale and retail at the Doctor's Office, 15 Hanover street, Boston, and by Agents, Merchants, Druggists and Apothecaries, in every town throughout the New England States. Price 75 cts a bottle; 50 cts a paper.

june 1. 3tawd&w6m

To the Legislature of the State of Maine, May session, A. D. 1846.

THE petition of the undersigned respectfully represents, that a Ferry, for more than forty years, has been established across the Penobscot River, between Bangor and Brewer, from the foot of Union street in Bangor, to the old Ferry-way in Brewer, commonly known as Rice's Ferry; that your petitioners have been duly licensed by the County Commissioners of Penobscot county to keep said ferry, and that they have provided such boats as are by law allowed. They would further represent that the public convenience and necessity require that there should be used and employed at said ferry a boat or boats propelled or worked by steam or horse power;—that such boats would accommodate a large part of the travel across said river, and be more convenient and accessible to a large part of the community than any other mode; that the public desire such accommodation—and that said County Commissioners would have granted the use of such boats if they had the power by law to do so. That your petitioners, fully believing that the Legislature would grant the License hereby prayed for have already made contracts for building a suitable steam ferry boat and machinery, at an expense of about three thousand dollars, and the same and the machinery is now being built and made. They confidently believe that upon view of all the facts bearing upon the matter, and the public interests involved, your honorable body will not hesitate to grant the prayer of this petition, which is that they may be authorized by an act of incorporation or otherwise to use, employ and put in operation at said ferry, a boat or boats propelled or worked by steam, horse, or team power. And as in duty bound will ever pray.

GEO. W. WASHBURN,
HENRY K. ROBINSON,
JOHN HILLERTY,
D. W. WASHBURN.

may 12, 1846.

STATE OF MAINE.

IN SENATE, May 23, 1846.

ON the petition aforesaid,

Ordered, That the petitioners cause an attested copy of their petition, with this Order thereon, to be published in the "Bangor Democrat," and "Bangor Whig and Courier," two insertions in each paper, the last insertion to be seven days at least, before the third Tuesday of June next, that all persons interested, may then appear and shew cause, (if any they have,) why the prayer of said petition should not be granted.

Read and accepted. Sent down for concurrence.

DANIEL T. PIKE, Sec'y.

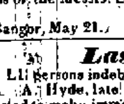

In the House of Representatives, May 23, 1846.
Read and concurred.

SAM'L BELCHER, Clerk.

A true copy—Attest:
DANIEL T. PIKE, Sec'y of the Senate.

june 1. 2t

Steamboat Excursion to Castine and the Islands, once a Week.

THE Steamer TARRATINE will leave Bangor, WEDNESDAY June 3d, at 6 o'clock, A. M. for CASTINE and the ISLANDS in Penobscot Bay, touching at Hampden, Frankfort and Bucksport, and returning the same day. If sufficient encouragement should be given, the boat will make the trip every Wednesday, during the warm weather, for the benefit of invalids and pleasure parties and all who may wish to visit the mouth of the river.

The Tarratine is new, in good condition and considered perfectly safe, and has been fitted up expressly to accommodate pleasure parties and can conveniently carry between two and three hundred persons.

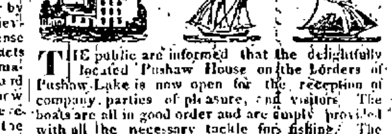

If Wednesday should be stormy, the trip will be made on Thursday, if pleasant.

Fare to Castine, 50 cts.

Every Man should Know

THAT Riches are for spending, and spending for honor and good appearance; and that if he will call at

JOHN H. HUNT'S

Elegant and justly celebrated fashionable and cheap

CLOTHING ESTABLISHMENT

He will there learn how much better it is to spend his money at this establishment than at any other, both on account of the superior

GARMENTS

he will obtain and the greater

ECONOMY

Of the purchase

It seems to be a great puzzle to many people how it is possible that at this warehouse, garments of such richness are sold for so small an amount of money, but the reason for it is just this, that prime bargains draw custom and increase trade, and it is better always to do a large business at small profits than a small business with large profits. The public begin to understand the matter, and this accounts for the unsurpassed popularity of

HUNT'S

Large Clothing Establishment at the

East End of Kenduskeag Bridge,

In the sale of

READY-MADE CLOTHING,

CLOTHS, CASSIMERES, VESTINGS

AND

Fancy Dress Articles.

The amount of Stock now on hand is very rich and inconveniently large, and must be sold for cash. It consists in part of

100 Frock Coats.
250 prs. Doeskin Pants.
78 prs. black Cassimere Pants.
150 Tweed Coats.
400 Satin Vests.

—ALSO—

A large assortment of

LINEN BOSOMS, COLLARS, SHIRTS, &c.

The chance for splendid bargains will well repay the purchaser for making earnest efforts to reach the sales room of

JOHN H. HUNT, Agent.

East-End Kenduskeag Bridge...Bangor.

New and Splendid Article.

DR. JOHNSON'S

INDIAN DYSPEPSIA BITTERS.

THE best and cheapest article of the kind in the market and containing four times the strength of any other bitters; prepared from roots and herbs, without New England Rum. For the relief of Jaundice, Dyspepsia, loss of appetite and those cold and languid feelings, which most persons experience in the spring season of the year.—They are a tonic and laxative, operating considerably on the kidneys.

—ALSO—

JOHNSON'S AMERICAN ANODYNE LINIMENT,

An *old and standard* article—the valuable qualities of which are too well known to need an enumeration here. Prepared and sold by A. JOHNSON & SON, of Brewer, Me.

—LIKEWISE—

Tarbell's Vegetable Pills;

One of the very best family medicines, ever prepared for the relief of Chronic and acute Rheumatism, Dyspepsia, Sick Headache, Costiveness, Jaundice, Liver and Lung Complaints, and Billious Diseases generally.
Sold wholesale and retail by A. JOHNSON & SON, Brewer, Me. sole Agents for the N. E. States and the British Provinces.
The above medicines are for sale by Curtis & Perkins, Hall & Young, G. W. Ladd, A. P. Guild, Potter & Brown, Druggists; by Jas. N. Davis, Bookseller, Bangor; and by the principal Traders throughout the country.

SICKNESS IN CHILDREN

And the suffering which they undergo from "WORMS" often lead to a fatal termination, while the CAUSE is never suspected Offensive breath, picking at the nose grinding the teeth during sleep, starting in sleep with fright and screaming trouble some cough and feverishness, are among some of the *Prominent Symptoms* of the presence of worms A timely use of

SHERMAN'S WORM LOZENGES

Will immediately remove all these unpleasant symptoms, and restore to perfect health Sister Ignatius, Superior of the Catholic Half Orphan Asylum, has added her testimony in their favor to the thousands which have gone before She states that there are over 100 children in the Asylum, and that they have been in the habit of using Sherman's Lozenges, and she has always found them to be attended with the most beneficial effects They have been proved to be infallible in over 100,000 cases

CONSUMPTION,

Influenza, Coughs, Colds Whooping Cough Tightness of the Lungs or Chest may be cured Rev Darius Anthony was very low from Consumption, Jonathan Howarth, the celebrated temperance lecturer was reduced to the verge of the grave by raising blood Rev Mr Dunbar, of New York the Rev Mr De Forest, Evangelist in the Western part of this state, Rev Sebastian Streeter of Boston the wife of Orasmus Dibble, Esq in Moravia, and hundreds of others, have been relieved and cured by a proper use of

SHERMAN'S COUGH LOZENGES

And no medicine has ever been offered to the public which has been more effectual in the relief of those diseases, or which can be recommended with more confidence They allay all itching or irritation, render the cough easy promote expectoration remove the cause, and produce the most happy and lasting effects

HEADACHE,

Palpitation of the Heart Lowness of Spirits, Sea-sickness, Despondency, Faintness, Cholic Spasms, Cramps of the Stomach Summer or Bowel Complaints, also all the distressing symptoms arising from free living, or a night of dissipation are quickly and entirely relieved by using

SHERMAN'S CAMPHOR LOZENGES

They act speedily and relieve in a very short space of time, giving tone and vigor to the system, and enable a person using them to undergo great mental or bodily fatigue

RHEUMATISM,

Weak Back, Pain and weakness in the Breast Back, Limbs and other parts of the body are speedily and effectually relieved by SHERMAN'S POOR MAN'S PLASTER, which costs only 12½ cents, and is within the reach of all So great has become the reputation of this article, that one million will not begin to supply the annual demand It is acknowledged to be the best strengthening Plaster in the world

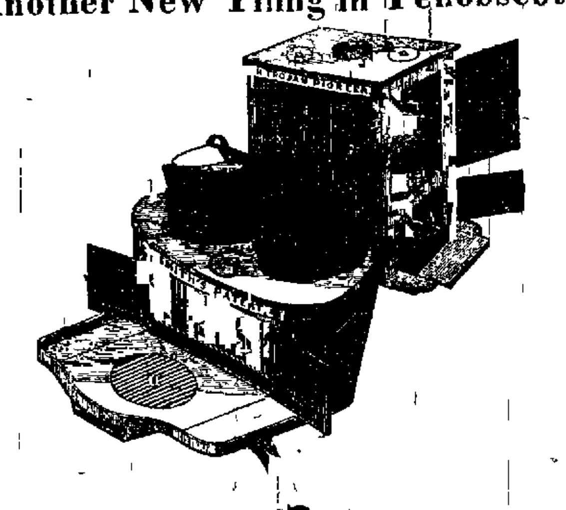

BEWARE OF IMPOSITION

Another New Thing in Penobscot.

The Trojan Pioneer Cooking Stove.

THE subscribers after great expenditure have succeeded in bringing this admirable Cooking Apparatus to perfection and are now prepared to furnish the public with the very best article ever invented This Stove has had three of the highest premiums awarded to it that were ever awarded to a Cooking Stove, at the Fair of the American Institute in the City of New York a Silver Medal was awarded at the great State Fair at Poughkeepsie N Y 1844, where was the greatest competition ever known, and lastly at the Exhibition and Fair in Boston a Silver Medal was awarded to it the first premium was awarded to it This celebrated Stove stands unrivalled in Boston New York and other places where it is in extensive use, 1800 of them were retailed by one establishment in Boston the past year, for all cooking and heating purposes it far surpasses any other Cooking Apparatus that can be produced The oven is extremely large being of sufficient capacity to admit six large pie plates or six large loaves of Bread or even the largest pudding or bean pots in use at the same time In addition to the advantages it has over other Stoves for boiling baking washing, frying, heating irons, &c it is acknowledged by all who use them that they have the best arrangement for Baking and Roasting that has ever been in use, the steam (from all the cooking) being carried off effectually This Stove being composed of two parts can be disconnected in one moment's time, so as to make two perfect Stoves which is of great value in warm weather as the summer stove which makes a handsome parlor stove may be used in the setting or dining room—and the other part in the back kitchen for Boiling or Washing and in the fall of the year the two parts may be connected together as is represented above In fact it is impossible to tell one half of the story about this Stove, and all who feel interested to get a first rate Cooking Apparatus are respectfully requested to call at our Store and examine the above where will be found a first rate assortment of Cook Stoves Ranges, Hot Air Furnaces and Fixtures, Tin Ware, Sheet Lead Pumps Lead Pipe Fire Frames &c

CONSUMPTION,

AND the best medicine known to man for Asthma of every stage Liver Complaints, Bronchitis Influenza, Coughs, Colds Bleeding of the Lungs Shortness of Breath, pains and weakness in the side, breast &c and all other diseases of the

PULMONARY ORGANS.

A very important disease over which this Balsam exerts a very powerful influence, is that of a

DISEASED LIVER.

In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed and in numerous instances when patients had endured long and severe suffering from the disease without receiving the least benefit from various remedies, and when MERCURY has been resorted to in vain, the use of this Balsam has restored the LIVER to a healthy action, and in many instances effected

PERMANENT CURES,

after every known remedy had failed to produce the desired effect

Opinion of a Regular Physician.

Exeter, Me, Sept 30, 1845

This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for diseases of the Lungs for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure

E BOYDEN Physician at Exeter Corner

NO QUACKERY NO DECEPTION

All published statements of cures performed by this medicine are in every respect TRUE

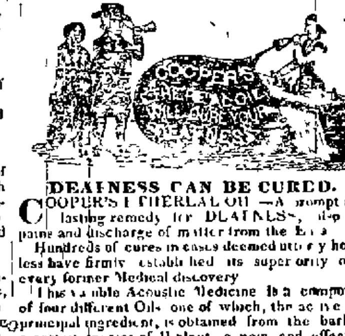

BEWARE OF COUNTERFEITS AND IMITATIONS The unparalleled and astonishing efficacy of Dr Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended curing many cases after the skill of the best physicians was unavailing has effected a large and increasing demand for it This fact has caused several unprincipled counterfeiters and imposters to palm off spurious mixtures of similar name and appearance, for the genuine Balsam

Be careful and get the genuine DR WISTAR'S BALSAM OF WILD CHERRY None genuine unless signed by I BUTTS Address all orders to SETH W FOWLE Boston Mass

DEAFNESS CAN BE CURED.

COOPER'S ETHERIAL OIL —A prompt and lasting remedy for DEAFNESS, also for pains and discharge of matter from the Ear

Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery

This valuable Acoustic Medicine is a compound of four different Oils one of which, the active and principal ingredient, is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of deafness

Persons who had been deaf for 10, 15 and even 20 years have been permanently cured by using this oil In fact so numerous and so emphatic have been the testimonials in its favor that the inventor claims for it the distinction of an Infallible Remedy, in all cases, when the Ear is perfect in its formation

For further particulars and evidence of its great value, see printed sheets in the hands of Agents

IF YOU HAVE NOT TIME TO PERUSE THIS AT PRESENT PRESERVE IT FOR A LEISURE MOMENT—IT IS OF IMPORTANCE IN AGAIN PRESERVING TO THE PUBLIC

The Dandelion and Tomato Panacea.

THE Proprietor would not claim for it that it is a specific for ALL the diseases to which the human frame is subject but does claim that in all complaints where a purifier of the Blood is required that this Panacea is infallible and its powers are admitted by all who have used it and it has the sanction of our first Physicians

He would ask for it only that meed of attention to which the public may deem it entitled—and would prefer that its beneficial results be its sole recommendation and the relief and health which must accrue to the diseased and suffering from its use should proclaim its virtues

For any of the following complaints the Dandelion and Tomato Panacea is the best remedy that has yet been offered and no article has given such unexpected satisfaction for Headache, Dizziness Sleepiness Loss of Appetite, Indigestion, Dyspepsia, Erysipelas Salt rheum Jaundice Scrofula, Scurvy, and all cutaneous eruptions of the Skin, Chronic Diseases Rheumatism General Debility, or any complaint that HAS ITS ORIGIN IN IMPURITIES OF THE BLOOD

This PANACEA is composed as all must be aware who know anything of the *Dandelion Tomato and Sarsaparilla*, its principal ingredients, from the most innocent as well as the most effectual remedies to be found in the Vegetable kingdom, and who does not know that for all those diseases in which a complete and radical change in the composition of the Blood, in the secretions of the Liver and in the formation of the solid parts of the body are required there are no remedies, that will for a moment compare with them

That it is purely a Vegetable composition the public may rest assured but should any prove skeptical, I can show them the *Vouchers of Eminent Physicians* to that effect who have examined the formula, and have tested its virtues

CAUTION,

The purchaser will be careful to see that my name is signed in the wrapper of each bottle as there are worthless articles put up in smaller bottles pretended to produce the same result but are not the same Be sure therefore and enquire for Ransom & Stevens Dandelion and Tomato Panacea which may be obtained of duly appointed Agents

Manufactured only by JAMES KIDDER, Jr Fast Boston and for sale by my duly appointed agents.

For sale in Bangor by G W LADD and POTTER & BROWN nov 21 m r 13

Prof. Cleaveland's Certificate!

THE following very high recommendation which is given by PROF CLEAVELAND to Kelly & Co's *Extract of Sarsaparilla*, must certainly be taken for truth by the citizens of Bangor, and vicinity as it is an authority and sanction for the Medicine which not one of the *Nostrum* makers of the day would have the impudence to solicit

Bowdoin College May 6, 1846

The CONCENTRATED EXTRACT OF SARSAPARILLA prepared by Messrs JOS. L KELLEY & CO of Portland Maine is in the opinion of the subscriber an article of GREAT VALUE, and *superior excellence*

In this belief he is confirmed by comparing it with several other preparations of Sarsaparilla and more particularly by knowing the process, by which the *preparation* of Kelly & Co is made

P CLEAVELAND

This is the only Medicine that is relied upon to cure the *Scrofula Dyspepsia Jaundice Liver Complaint, Humors Debility of the System Erysipelas, Rheumatism, Chronic Constitutional Disorders Eruptions on the Skin*, and is confessedly the greatest

PURIFIER of THE BLOOD, and RESTORATIVE of STRENGTH ever discovered

Manufactured and for sale wholesale and retail and for exportation, by

JOS L. KELLY & CO, Chemists and Druggists, 108 Middle st Portland, Me

BY THE QUEEN'S PATENT.
TRIUMPHANT SUCCESS
OF
BUCHAN'S
HUNGARIAN BALSAM,
THE GREAT ENGLISH REMEDY FOR
CONSUMPTION!

THE great and only REMEDY for Colds, Coughs Asthma, and CONSUMPTION is the *HUNGARIAN BALSAM OF LIFE*, discovered by the celebrated Dr Buchan of London, England and introduced into the United States under the immediate superintendence of the inventor

The extraordinary success of this Medicine in the cure of Pulmonary diseases, warrants the American Agent in soliciting for treatment the WORST POSSIBLE CASES that can be found in the community—cases that seek relief in vain from any of the common remedies of the day and have been given up by the most distinguished Physicians, as CONFIRMED AND INCURABLE The Hungarian Balsam has cured and will cure the *most desperate cases* It is no quack nostrum, but a standard English Medicine of known and established efficacy

INCONTESTIBLE PROOFS.
Of the efficacy of this Balsam in the worst forms of Consumption.

From Dr Storer of Saco, Me

Dr Bradlee Dear Sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for Diseases of the Lungs I have used it in my family, and in my professional practice for more than two years with almost uniform and entire success in cases of severe Pulmonary Disease, and I can conscientiously recommend it to all who are afflicted, as the most certain remedy for such diseases with which I am acquainted

Your Respectfully
FREDERICK L STORER, M D
Saco May 22 1845

Valuable evidence from David Bugbee Esq Bangor

Bangor, Sept 18, 1844

Dr Bradlee Dear Sir At your request I send you a report of my success as General Agent for the Hungarian Balsam I have now had the Agency of this excellent medicine for two years and have sold in that period nearly twelve gross or 1728 bottles Much of this has been used in the vicinity of Bangor but many dozens have been sent several hundred miles to Houlton and the Provinces to Machias Eastport, & The success of this Balsam in the relief and cure of Pulmonary cases is absolutely astonishing I am sure, have been saved from a premature grave by their use—invalids supposed to be past all hope have been restored to comparative health, relief in ailments of the throat and chest with severe and obstinate coughs, have been completely cured within my personal knowledge Indeed this is a grand medicine Its reputation is established here, and the sales are constantly increasing

Yours truly
DAVID BUGBEE

Another Life Saved.

Bath Me Feb 24, 1845

Dr Bradlee Dear Sir I take much pleasure in giving you a statement of the beneficial effects of Buchan's Hungarian Balsam on my daughter who had been for a number of months afflicted with a bad cough, pain in the side, raising of blood and all those symptoms and troubles which attend that insidious disease consumption I employed a physician who attended her from time to time at expense and then advised the use of a celebrated physician in a neighboring town still greater expense and after a number of visits from the advising physician, and the continued performance of the family physician he declared he could do no more for her He had done all he could and I could see no benefit from it I then employed a Botanic Physician for some time who seemed to do her some good but did not reach the root of the disease I was then advised by a friend to try Buchan's Hungarian Balsam, I have used six bottles with most astonishing effect It has restored her strength, cured her entirely of her cough and pain in the side and raising of blood, and she is now in good health This is truly a wonderful cure and I would advise all who have any need of consumption to take the medicine in season, and not wait till all hope is past till after this case I paid between one and two hundred dollars for physicians and medicine with out the least benefit while six dollars is worth all the HUNGARIAN BALSAM has removed the disease and restored the strength and health of all the parts of the system Try it for yourselves and you will find the one half has not been told Your inclination is as you think best and as will do most good and wishing that your medicine may benefit many as it did my daughter

I remain gratefully yours JNO YOUNG

P S I should say further that about five years ago my daughter commenced raising blood which continued at times for three years and sometimes very bad all about two years we have commenced using the Balsam The first the stopped the raising of blood entirely and she has been ever free from it since

From J L Ladd Apothecary Augusta

Augusta Me, May 27, 1845

Dr Bradlee Dear Sir I have sold the Hungarian Balsam for two years past and having in some cases observed its beneficial effects in my own family I do not hesitate to commend it as an excellent preparation for the diseases for which it is recommended

Very respectfully &c J L LADD

GREAT CURE AT AUGUSTA ME

Augusta May 7, 1845.

Dr Bradlee Dear Sir I can truly say that the Hungarian Balsam has been of the most benefit to me I have been cured of an affection of the lungs which was thought to be INCURABLE by all my friends, by the use of a few bottles of my child ten was also restored to health after being pronounced beyond the reach of medical aid by the physicians, in a short time my cough was easy and the difficulty in the throat and lungs I have recommended this Balsam to a great many persons and shall continue to do so I believe it to be the best thing in the world for diseases of the lungs

Yours truly, FRANCIS J WEEKS

From Edward Mason Druggist Portland, Me

Portland, Me April 17, 1845

Dr Bradlee—Dear Sir, The Hungarian Balsam gives good satisfaction in this city and vicinity and I have no doubt from the reports I hear of its salutary effects upon invalids, that it is an excellent preparation for diseases of the lungs EDWARD MASON, Apothecary 53 Middle street

HEAR THE PRESS.

From the Christian Observer March 2, 1845.

The public may place the utmost reliance upon the statements respecting the Hungarian Balsam, by Dr. Bradlee the American Agent, who is a respectable and highly respectable citizen of Boston, a member of a christian church and a man who would not for any consideration, give his influence in favor of any sort of deception or imposture

From the Thomsonian

If any thing could reconcile us to a departure from Thomsonian principles in the treatment of disease, it would be the extraordinary reputation of a medicine like the Hungarian Balsam, which we believe to be from careful analysis and the statement of the inventor to be a purely vegetable compound The effect of this medicine in cases of Consumption, is sometimes truly astonishing

☞ Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of Colds Coughs, Spitting of Blood Pain in the Side and Chest, Irritation and Soreness of the Lungs, Bronchitis, Difficulty of Breathing Hectic Fever, Night Sweats Emaciation and General Debility, Asthma, Influenza, Hooping Cough, and Croup

☞ Sold in large bottles at $1 per bottle with full directions for the restoration of Health

Pamphlets, containing a mass of English and American certificates, and other evidence, showing the unequalled merits of this Great English Remedy, may be obtained of the Agents, gratuitously

Highly Important to all Invalids & friends of Invalids!

THE AFFLICTED IN DANGER'
SALUTARY CAUTION,
READ! READ!!

THE well established and well earned reputation of WRIGHT'S INDIAN VEGETABLE PILLS, as a Sovereign antidote and cure in cases of Fevers, Head Aches Indigestion, Dyspepsia, Dysentery, Cholic Female Complaints, &c &c has excited the cupidity and envy of the proprietor of other medicines, and since their admirable qualities cannot be impugned has arrayed against them the antagonistic efforts of men who seek to pass off other medicines by the reputation of Wright's Indian Vegetable Pills

Beware of all attempts to palm off any (so called) specifics by means of specious and high sounding deceptive titles "SUGAR COATED PILLS" may be pleasant to the palate, but it requires something more than an agreeable exterior to contend with disease We shall not attempt to analyze the composition of the "Sugar Coated or pretended improved Indian Vegetable Pills," which have been thrown into the market and advertised extensively in the country papers—we have no desire to do so—nor is it necessary It is however our duty to assure the public emphatically, that they are not in any proportion WRIGHT'S Indian Vegetable Pills and that whoever purchases them under this supposition is wofully deceived This caution is positively necessary since the title (nearly) the qualities set forth the combination of ingredients &c are all those which formed the distinctive and original character of the true medicine

Remember buy none but "WRIGHT'S Indian Vegetable Pills" which are protected by a patent They have attained an almost incredible sale and circulation, owing altogether to their own intrinsic merits The public will pass its own judgment upon any attempt to snatch the laurel from the brow of the inventor of these medicines where it has been placed by grateful thousands who owe their continuance of the enjoyment of the blessings of health to his happy and benevolent agency

Wright's Indian Vegetable Pills

have performed wonders when used in cases of Intermittent, Remittent, Nervous, Inflammatory and Putrid Fevers, Measles, Small Pox and Erysipelas Inflammations, of the Brain, throat, stomach, lungs, liver intestines kidneys and bladder pains in the stomach, back and side, consumption dropsy of the head of the chest, of the abdomen and of the limbs, scrofula, scurvy and syphilis cancer gravel loss of appetite, sick headache, rheumatism, both acute and chronic spitting of blood, diarrhoea dysentery and colics syncope, palsy and paralysis dyspepsia hypochondriasis, epilepsy, hooping cough affection of the heart, ulcerated sores of every description, hysterics weakness and low spirits suppression, and other delicate female Complaints

No other medicines ever discovered has grappled these horrid forms of disease with such general success They furnish thus powerfully THE EMPLOYMENT OF NATURAL MEANS TO COUNTERACT THE EVILS OF NATURE The bowels of the earth have not been ransacked for poisonous minerals to infect the system under the pretence of eradicating disease The Field and the Forest alone have been selected for the remedies of the ailing The Pills are free from the chief remedies attacking the various forms of disease in expelling the products provided by the Author of Nature affecting the Lungs, the Skin the Kidneys and the Bowels Hence Wright's Indian Vegetable Pills, are upon the curative mode suggested by nature are diuretic Diaphoretic Expectorant and Purgative

The origin of this invaluable medicine and their success entitles them to confidence and respect The nearer we approach to nature in our researches after health both in science and art the more complete will be our success in both Look at the uniform physical condition of the Indian Tribes of this continent whether exposed to the frosts and storms of the North or to the burning heat, and pestilent miasma of Southern climate Houseless, unprotected exposed to every atmospheric change every extreme of the seasons dwelling at times in morasses and by the margins of unhealthy pools and swamps— they yet enjoy an almost total immunity from disease, while the white man who enjoys all the comforts of civilization with its attendant arts is as much inferior to the savage in physical vigor as he is superior to him in intellectual acquisitions— How does this happen? Simply because bereft of the light of science he relies upon that divine instinct which impels him to select from the plants of the field and forest those remedies which Nature and Nature's God has bounteously provided for the solace of suffering and the mitigation and cure of disease—sowing them broadcast on every hill and valley Let those who impiously arraign the good justice of Divine Providence and point with a sneer to the multitude of invalids who lie groaning upon beds of sickness turn from the false lights of man and study the secrets of nature and they will adore the mercy which has so bountifully provided a cure for every wound—*a remedy for all who seek it*

Disease rarely assumes one form from another, even if one disease enters the thoroughfare of its chain by one unimproved chain But Wright's Indian Vegetable Pills act upon a true remedy for every form of disease attacks successfully any complaint of the day This is a fact that remains undisputed these pills thoroughly cleansing in their nature and operations They produce full of rich relief taken according to directions to promote them They may be freely resorted to in the last desperate cases of the most desperate diseases, for they have effected remarkable cures in cases They are applicable to a wide range of cases not to be confined to any particular age or temperament They rest with triumph in every case listed hereafter, here they set forth fully and only for each of exists on the part of the public lest they should suffer from false, spurious Pills, put into the market with the help of testimonials that do not belong to the genuine There fore we once more caution the public against spurious imitations but the

GENUINE
"WRIGHT'S INDIAN VEGETABLE PILLS."

These Pills as we before remarked operate by purgation—by thoroughly cleansing the entire system from all impurities, and making the invalid, in the homely but expressive phrase a new man whether the disease is INCIPIENT CONSUMPTION which insidiously attacks the Lungs, producing that dry hacking cough so painful to the friends as to the patient, showing itself upon the skin in eruptions or blotches, whether the Kidneys or the Bowels be affected—*Wright's Indian Vegetable Pills* are equally efficacious in warding off danger Their expectorant cathartic, adorific and diuretic qualities enable them to take hold of each form of disease

The *perfect safety* of the medicine is another all important quality and one which has contributed more than any thing else to its extension and popularity

In a word, this medicine commends itself strongly to the patronage of the public and it fairly bids fair to become, before long, ALMOST UNIVERSAL

N. H. DOWNS'
Vegetable Balsamic Elixir,
The great Northern Remedy for CONSUMPTION.

Also for the cure of Colds, Coughs, Whooping Cough, Croup Bleeding at the Lungs, Bronchitis, Catarrh, and all diseases of the Pulmonary or Bronchial Organs

IT is now more than ten years since this incomparable remedy was given to the public with what success the thousands of restored invalids, with the universal encomiums of a grateful people afford abundant and gratifying evidence Indeed no medicine has ever with such UNIVERSAL SUCCESS grappled with disease It is its own best commendation and to be valued needs but to be known.

Its operation upon the system is marked and peculiar from that of most similar preparations

It is *EXPECTORANT*, and most essentially aids in the expulsion from the stomach and lungs of phlegm and phlegmatic humors, through the process of expectoration or spitting

It is *SUDORIFIC*, and promotes a healthy perspiration, thus expelling by the pores of the skin those nauseous fluids and impurities of the blood the retention of which in the system is a prolific source of suffering to the invalid

It is highly *CATHARTIC* and usually corrects any costiveness attendant upon Pulmonary complaints, while most similar preparations produce a contrary effect, thus adding to instead of diminishing that difficulty (See statements of Mr Mender Mr Ross and others, in the pamphlets and beets)

We do not pretend that the Elixir is a specific for all the ills that flesh is heir to but we do say and can confirm by indisputable evidence, that for CONSUMPTION it is unequalled Hundreds by its use have been snatched from an untimely grave and hundreds more, who delayed too long its use, have found even then that relief from suffering which they had vainly sought from every other source

For hard and obstinate COUGHS whether produced by a mere cold the relic of a fever or the result of a more fixed and permanent pulmonary habit it is just the thing needed, as by its wonderful expectorant qualities it loosens the cough and enables the patient to raise with little effort what would otherwise cause hours of hard and laborious coughing Many persons testify that after having been unable to obtain more than a slight degree of rest for weeks they have, on taking the first dose obtained a comfortable night's rest and by continuing its use in a short time have been restored to health

OBSTINATE COLDS AND COUGHS it will usually cure in from two to five days

To persons afflicted with *WHOOPING COUGH* we would especially recommend the Elixir as it relaxes the cough and renders the labor of hard coughing usually attendant upon that disease

ASTHMA We believe it is a generally acknowledged fact wherever the medicine is known that nothing so generally gives relief—in so great a proportion of instances effects a perfect cure in this distressing malady, as Downs Elixir (See certificates of Mr Carleton, Mr Ferling and others in pamphlet)

CROUP This dangerous malady, in children may be cured by Downs Elixir We speak confidently having never known, among the hundreds of instances in which it has been used one where it has failed after a trial

BLEEDING AT THE LUNGS In this dangerous and formidable disease the success of the Elixir has been such that we feel authorized in saying no preparation has ever met with such success It has rarely perhaps never been known to fail where it has been early resorted to and the directions faithfully followed (See statements of Mr Mender Mr Walker, Mr Downs Allen in Morton and others in the beets and pamphlets)

In conclusion, we would say, never despair— Hope on hope ever! If you still doubt, enquire the ... who have used it. Enquire of the Agents who sell it ... by either from experience of its merits and what they ... have seen and what they know ... entitled to your confidence

Pamphlets and sheets may be had of agents ... giving a full description of the medicine ...
